RE: Resource Requests

We at ACES are attempting to provide PPE to all providers in the County who may or will come into contact with a possible COVID-19 infected person. This is going to be a long duration event and we must control the distribution of supplies in order to assist all providers. We are coming to the end of our initial round of distribution which we feel went very well. At this time, we are beginning to receive additional requests for supplies, some of which are new requests or continuations of those we have received. We are continuing our distribution efforts but will be transitioning to predetermined dates rather than a daily distribution. Supplies are limited to those items listed below. We ask that you keep your requests reasonable and continue to use your suppliers and other acquisition channels. We continue to work with PEMA on additional resource shipments, but do not have a clear timeframe as to when that will occur.

When completing a resource request form please scan the form as a PDF file. Do not send jpeg images or fax documents as we are unable to open some of these documents due to security on our computers. Send the scanned document to: Richard.coella@alleghenycounty.us and Michael.spurr@alleghenycounty.us only. You will then be notified via email that your supplies are ready to be picked up and the instructions needed for pick up.

Current PPE available:

N-95 masks

Gowns/Robes

Face Shields (just received)

Gloves in various sizes (Nitrile)

Gloves (cleaning just received)
