Facility	County	Where to Enter	Contact	Special Instructions
Butler Memorial Hospital	Butler	Proceed directly to the Alternate Entrance which is to the left of the walk-in Emergency Dept Entrance This entrance has a sign labeling it as Alternate, with a white awning over it. There will be a nurse there to direct EMS. Patients in severe distress who are not maintaining sats >92% on 6L, need cpap/bipap or possible intubation, should go to the Main ED entrance.	Notify BMH that it is a Covid patient so that they can be directed to the correct entrance. Use the medic command phone, rather than the radio, to maintain privacy.	There is a no visitor policy. All patients arriving by ambulance (positive and negative COVID screen results) must have a mask on prior to entering the Emergency Department. If patient was transported without one, a mask will be available for them in the Ambulance Entrance. Please place on patient prior to entering the department.
